

LSM4199 HONOURS PROJECT IN LIFE SCIENCES (16 MCs)

Project Mounting & Registration for LS Honours Cohort AY09/10 S2

Life Sciences students commencing their Honours Project LSM4199 in Semester 2 of AY2009/2010 will fall under the LS Honours Cohort of AY09/10 S2.

For Life Sciences Students intending to start LSM4199 in AY2009/2010 Semester 2

1. Please read, understand and adhere strictly to the [LSM4199 Standard Guidelines for Honours Students](#) which include instructions on the registration details for LSM4199. This is available at the [Life Sciences Honours Project webpage](#).
2. To seek project opportunities, students should contact and approach potential LS academic staff eligible as main supervisors. Visit [Life Sciences Honours Project webpage](#) for the updated list of eligible supervisors.
3. Due to the ongoing system migration to meet the use of ISIS (Integrated Student Information System), the Life Sciences Project Approval (LSPA) System in the Science Intranet showing the project listing will not be in operation until the start of Semester 2.
3. However eligible supervisors may put up projects for students to view and consider. This project listing (showing project title and supervisor) will be available at the [Life Sciences Honours Project webpage](#) in December. As the Semester 2 cohort has lower student number, there will be less number of projects offered compared to Semester 1.
4. Honours students should register for a project by Week 1 of Semester 2 AY2009/2010 or **Fri 15 Jan 2010**. The registration will be done by the project supervisor in the LSPA system when it is back in operation at the start of Semester 2.

For potential Honours Main Supervisors

1. Please read, understand and adhere strictly to the [LSM4199 Standard Guidelines for Supervisor](#).
2. Due to the ongoing system migration to meet the use of ISIS (Integrated Student Information System), the Life Sciences Project Approval (LSPA) System in the Science Intranet will not be available until the start of Semester 2.
3. If you have agreed to offer project and supervision to students from the Honours cohort here-mentioned, please mount the projects and approve the students for the relevant projects via the Life Sciences Project Approval (LSPA) System in the Science Intranet by Week 1 of Semester 2 AY2009/2010 or **Fri 15 Jan 2010**.
4. The availability of the LSPA system will be email announced at a later timing near the end of Dec 09, and reminder will be sent to mount projects and approve students. The LSPA system is at <https://neon.science.nus.edu.sg/intranet/staff/undergraduate/lspa/staff/index.html>
5. If you wish to offer projects for students to view, please contact Mr. Lim Miah Kyan (dbslmk@nus.edu.sg). The project title and supervisor will be listed on the LSM4199 [Life Sciences Honours Project webpage](#).

6. If you encounter problem in registering/approving the student, it may be due to issue related to his/her FFG (File For Graduation/Project) status. Please forward his/her details (name and matric. number) to Mr. Lim Miah Kyan (dbslmk@nus.edu.sg) for follow-up.

For any problem/issue encountered during the project registration, you may contact:

Mr. Lim Miah Kyan (dbslmk@nus.edu.sg)

Overall Administrator for LSM4199 Life Sciences Honours Project
