

## **LSM4199 HONOURS PROJECT IN LIFE SCIENCES (16 MC)**

### **Project Mounting & Registration for LSM4199 Cohort AY19/20 S1**

Students commencing LSM4199 Honours Project in Life Sciences in Semester 1 of AY2019/20 will be in the LSM4199 Honours Project Cohort of AY19/20 S1.

### **Students intending to start LSM4199 in AY2019/20 Semester 1**

1. Please read and adhere to the [LSM4199 Guide for Students](#) which include registration instructions for projects for LSM4199.
2. Students should approach eligible main supervisors to seek project opportunities. Visit [http://www.lifesciences.nus.edu.sg/modules/lsm4199/LSM4199\\_List\\_of\\_eligible\\_supervisors.xls](http://www.lifesciences.nus.edu.sg/modules/lsm4199/LSM4199_List_of_eligible_supervisors.xls) for the list of eligible supervisors.
3. Students may view available projects at <http://lifesciences.nus.edu.sg/modules.html#lsm4199> during the project mounting period. The list will be refreshed from time to time from now till before the start of AY2019/20 Semester 1. Students looking for projects can check the list regularly.
4. Registration for a project should be completed by start of AY2019/20 Semester 1, **Mon 12 August 2019**.

### **Faculty members intending to be LSM4199 Honours Project Main Supervisors**

1. Please read, understand and adhere strictly to the [LSM4199 Guide for Supervisors](#).
2. If you have been approached and have agreed to offer project and supervision to students from the LSM4199 cohort here-mentioned, or if you would like to offer projects for students to select, please mount the projects and approve the students for the relevant projects. **Please note the project area has to match the student's specialisation in Life Sciences Major.**
3. Projects are to be submitted at the [LSM4199 Project Registration online form](#).
4. If the project is open for students to consider at the point of submission (i.e. no student taking the project yet), it will be mounted and viewable at the Life Sciences Undergraduate Programme website <http://lifesciences.nus.edu.sg/modules.html#lsm4199>. Please email me the student number and the project the student is taking up to complete the registration.

Enquiries on LSM4199, please contact Mr Lim Miah Kyan, at [dbslmk@nus.edu.sg](mailto:dbslmk@nus.edu.sg).
